**CODEYNTA KALA HORMARINTA
KALA-DOORASHO BADAN. AWOOD BADAN.**

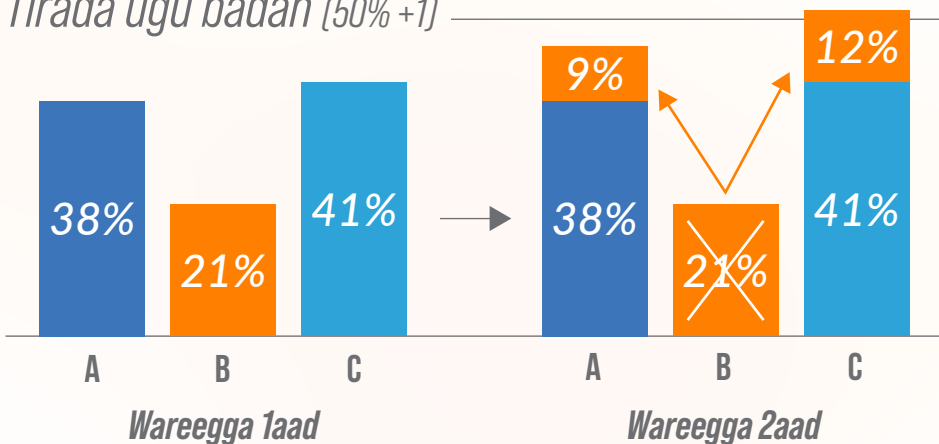

SIDAAD U CODEYNESO

- 1 Kala horreysiin ugu codee murashixiinta waraaqda ku qoran — 1aad, 2aad, 3aad. Markaad kala horreysiiso, codadka waa loo kala tirinayaa.
- 2 Qof labaad iyo mid saddexaad waa muhiim! Laakiin labo iyo saddex waxaa la tirinayaa qofka koowaadka looga cod bato.
- 3 Hal murashax oo isku qof ah ha u codeyn laba jeer. Halkii murashax waraaqda waxaad ugu codeyn kartaa hal mar.

SIDA CODADKA LOO TIRANAYO

Habka kala horreysiinta waxaa lagu ogaanayaa murashaxa ugu codka badan.

Tirada ugu badan (50% +1)

Markuu hal murashax heli waayo aqlabiyadda kaalinta koowaad, macnaheedu waa in loo tirin doono kaalinta labaad.

Murashaxa B markuu haysto tiro yar oo kaalinta koowaad looga cod bato. Codadkiisii waxaa isla markiiba loogu wareejiinayaa kaalinta 2aad ee loogu codeeyey. Murashaxa C ayaa guuleysanaya!
